

Edmodo Parent Instructions

How to Sign up as an Edmodo Parent (only needs to be done once)

1. Obtain the unique 6-digit Edmodo parent code for your child.
 - Each student has a unique parent code. If you have multiple students, pick one of the codes to create your account initially and then follow the instructions below to add the additional students.
 - This code was printed on the parent copy of each student's schedule that was distributed at Curriculum Night. The Parent Code is *not* the same as your child's Group Code.
 - If you do not have the schedule, you can also have your child log into his/her student Account to find the code. After they login, they should scroll down on the homepage. The Parent Code is located at the bottom of the left panel.
 - You will not need this code again once you have set up your parent account.
2. Go to www.epiphanyschools.edmodo.com on a web browser. Note: you cannot create a Parent Account on the Edmodo mobile app.
3. Click the "I'm a Parent" button and fill in the required information.

Add Multiple Children to Your Existing Edmodo Parent Account

1. Log into your existing Parent Account at www.epiphanyschools.edmodo.com.
2. Click "Add a Student" at the top of the page.
3. Enter the unique Parent Code for your additional child.

What Can You See on Your Parent Account?

- For detailed information about what you will see on your account, click here or enter this address in your browser: <http://tiny.cc/parentview>
- To access all Parent Account resources in the Help Center, go to <http://www.support.edmodo.com> and click "I'm a Parent" in the left panel.
